LUMA

A place to see and be seen.  
Luma romanticises the Art Nouveau period  
to create a distinctive sense of place.

Its name is a translation of light, embodied in the one-off,  
locally crafted sculptural chandelier that glows above.

Our menu marries the culinary ethos of European simplicity  
with refined sophistication, celebrating our region's  
producers, stories and flavours.

Thoughtfully seasonal and sustainably crafted,  
each dish is designed to connect you more deeply  
with the land, its heritage and our community.

Distinctive, Energetic and Regionally Inspired.
